

**Hello,**

I'm Ahmett Nuur Mohamuud Warsame, a Full Stack Developer with a strong background in creating clean, responsive, and functional websites using **HTML, CSS, JavaScript, Python (Django or Flask)**, and **React**.

I recently built:

- A **Youth Networking Platform** with real-time messaging and social features (React + Django)
- A **Responsive E-Commerce Website** (React, Django, MySQL)
- A personal **Portfolio Site** (HTML, CSS, Flask) showcasing clean design and usability

For this project, I will:

- Design a modern and user-friendly interface
- Build fast-loading pages optimized for all devices
- Deploy the website and ensure everything works smoothly
- Collaborate closely with your team to align with your vision

🕒 Estimated Timeline: 15–20 days

💰 Budget: I'm flexible and open to discussion.

I'd love to help bring your ideas to life. Let's chat!

Best regards,

**Ahmett Nuur Mohamuud Warsame**

Full Stack Developer
